

Silver Note Lesson Payments

- Lessons are \$30 per 1/2 hour or \$50 for an hour.
- Payments are based on how many lessons planned per month. For example, there are 4 Fridays in September so the payment for a student taking 1/2 lessons September \$120.
- Payments are due the 1st lesson of each month by Cash or Check made out to The Silver Note. I do not take online payments at this time.
- If a lesson is missed either by a student or myself due to an emergency or illness it is prorated to the following month.
- I do charge for a missed lesson is if the student doesn't show up. As long as I have some type of notice I will prorate the lesson.
- If there is no school there is no lesson and that week is not counted in a monthly total.
