

# **Silver Note Tuition Information and Cancellation Policy**

## **Tuition**

- Each 30 minute lesson is \$35.
- Monthly tuition is calculated based on the number of lessons scheduled for that month. For example, if four lessons are scheduled, tuition is \$140. If three lessons are scheduled, tuition is \$105.
- There are no lessons during school holidays, so those weeks are not included in your monthly tuition.
- Payment is due during the first week of each month.

## **Cancellations**

- If either of us needs to cancel a lesson for any reason, you will receive a \$35 credit toward the following month's tuition, even if the cancellation is last-minute.
- The only exception is if a student misses a lesson without any notice at all (a no-show), in which case the lesson is still charged.
