Meeting was called to order at 3:15 by Kourtney Williams via Teams (some members in person in the Media Center). Meeting called to order.

Introductions from all present. Kourtney Williams reviews Robert's Rules, future dates and presents bi-laws to the committee. Committee approves bi-laws for the school year. Katherine O'Connell presents the Principal Update.

Principal Update

Presented by Katherine O'Connell

- Reviews that the school is recognized for being an "A" school and that our School Improvement Plan (S.I.P) will be based on learning gains in ELA and Math.
- 4th grade had the best math scores in the county (90% pass rate)
- Scores did dip as compared to previous years, so a major focus will be on 4th grade reading (due to low 3rd grade ELA scores).
- The school is implementing the use of Savvas to cover ELA B.E.S.T standards as well as foundations (k-2).
- Focus will be on progress monitoring and looking at iready baseline scores to help the school get a strong "A" for the school year. Admin will conduct data chats and meet with students to set goals and review iready data. This is meant to stay at school and will not be sent home.
- K-2 Goal is for students to enter 3rd grade reading on grade level. The school is using resources that focus heavily on phonics (using Foundations)
- Teachers are getting laptop refreshes, so extra laptops are going towards expanding the iready lab.
- In the future CCE would like to partner with SAC to provide technology needs such as a laptop cart for Kindergarten.
- School wide events are currently on pause. We will revisit during the second semester.
- Moving forward we will look for community members to bring in.

Meeting adjourned at 3:32. All in favor
