Meeting called to order at 3:07 by Mrs. Raymer.

Review of SAC bylaws conducted. Floor opened for comments/questions/concerns. Motion to approve bylaws by Mrs. Tutten.

Review of September minutes. Motion to approve September minutes by Mrs. Tutten.

Review of May 2024 minutes as this was the final meeting of the last school year. Motion to approve the May minutes by Mrs. Tutten.

Discussion of school improvement plan, how it is created, and how it is used.

Principal overview by Mrs. McCool. Recognition funds approved and submitted and hopefully will be disbursed to staff in November paycheck, or first paycheck in December. The only way SAC receives money is from recognition funds and because the last year's vote was in favor of 100% disbursement of funds to staff, SAC balance now stands at \$137.28. There is hope that when this year's funds are being discussed, there is a way to earmark a portion of funds for the SAC balance so that SAC budget is increased. Main goal of this year's SIP is SWD and their growth. We had good growth last year but more growth is needed in reading and math. We are also looking for learning gains in ELA and supporting lowest quartile. It is a priority to rebuild our school culture with so much new staff and making sure to have good implementation of PBIS.

There are no funding requests for this meeting; floor is opened for questions/comments/concerns. Ms. Gorden asked for feedback about the proposed rezoning. Mrs. McCool confirmed there is a meeting tonight and parents are encouraged to attend and share opinions. Discussion that perhaps all of Rivertown will not be served by new school and it will depend on numbers. Mrs. McCool discussed her desire to cap numbers of staff who may leave next year.

Next meeting will be December 10 at 3:05. No further questions/comments/concerns. Motion to adjourn meeting at 3:05 by Mrs. Tutten.
