

Cunningham Creek VPK

Our VPK program is a 5-day program. VPK classes are blended with 4 to 5 VPK students and 14 pre-K students, ages 3-5, who have identified needs through our ESE program. Eligible VPK students are to be positive role models for the other students. We like to encourage our VPK to be leaders as they get ready for Kindergarten.

We give preference to our families that request the full day program. Our school day is from 8:25am to 2:45pm with a 1 hour early release on Wednesdays. **There is a \$70/week charge for full day.**

To be placed on the wait list, we will need:

- **Your student's first and last name.**
- **Have you applied for your VPK Certificate?**
- **Confirm that you are requesting the full day program.**
- **What is your home zone school? (You do not have to be zoned for CCE to be eligible.)**

Please send an email to Angela Dickey at Angela.Dickey@stjohns.k12.fl.us to confirm if you would like your student to be added to our wait list.

We will know how many VPK seats are available before the end of the current school year. We will contact you to register as seats become available.

Because of the high demand for the VPK program, we recommend that you have a contingency plan.

You must receive your VPK voucher before you can register with the school. You can apply for the voucher at ecs4kids.org. (They also have a provider list.)

We look forward to hearing from you.
